# UDC Code Amendments

Ordinance #4001

Annexation Regulations Amendment

Adopted October 28, 2013, Published November 2, 2013

Effective Immediately

## Highlights

**Annexations** – This ordinance removed all of the regulations regarding annexing land to the City from the Unified Development Code and replaced them with the sentence: “Annexations to the City of Cheyenne shall be processed and conducted in accordance with Wyo. Stat. §§ 15-1-401 *et seq.*”

Prior to the adoption of the ordinance, annexations were required to comply with these state statutes, so there is little change resulting from the ordinance. However, annexations no longer require adoption of a resolution in addition to an ordinance.

Owners of land in the County wishing to annex to the City should refer to this section of state statutes, which outlines the requirements necessary for land to be annexed and the process that must be followed for annexations. More information including an application and petition to annex is available on the Development Applications page of the City website:

[www.cheyennecity.org/index.aspx?nid=1853](http://www.cheyennecity.org/index.aspx?nid=1853). Wyoming state statutes can be found on the web at: [www.lexisnexis.com/hottopics/wystatutes](http://www.lexisnexis.com/hottopics/wystatutes). Please also refer to Section 1.16.030 of the Cheyenne City Code.
