GENERAL PROVISIONS

1. Bid Requirements: Bidders failing to use the bid form provided by the Board will be disqualified.

Only one copy of the bid is required.

Alternate bids will not be considered, unless specifically requested by the Board. The bid proposal shall not contain any restatement by the Bidder of the items to be furnished. Any such restatement will not be deemed to vary any of the provisions of the Invitation to Bid. Any deviation from the specifications shall be clearly indicated on the face of the bid.

All line items must be filled in exactly with what is being proposed.

Bids must be signed in the space provided on the Bid Form. The signature shall be that of a person authorized to bind the company in a legal contract. Unsigned bids will not be considered.

Bids shall be submitted to the specified address, in a sealed envelope which shows the bid number, the name of item(s) being bid upon, and the date and time of opening, to ensure against premature opening of the bid.

2. Bid Opening: Bids will be publicly opened and read at the time and place advertised for opening of bids, as stated on the Invitation to Bid. No bids received after the time set for the opening will be considered. Late bids will be returned unopened. It is the sole responsibility of Bidders to ensure that bids arrive by the date and time specified.
3. Withdrawals, Revisions, and Clarifications: Bids may not be withdrawn for a period of 45 days after the bid opening.

Bids may be revised prior to opening. Such revisions must be in writing and signed by an authorized representative of the company. No bid may be revised after the bid opening.

Written addenda will be issued to all Bidders of record in the event any changes are made to the bidding documents or if the bid opening date or time is revised.

Requests for bid clarification shall be made in writing no later than five (5) working days prior to the bid opening date. The Board's response will be in writing, provided to all Bidders of record.

4. Award: The bid award will be made to the most qualified, responsible Wyoming resident bidder submitting the lowest responsive bid, if such resident's bid is not more than five percent (5%) higher than that of the lowest qualified nonresident bidder. Bidders are required to indicate their residency status in the space provided on the Bid Form. The 5% Wyoming resident preference will not be applied to expenditures where federal funds are involved.

The basis for award will be on total bid amount, unless stated otherwise, and will include where applicable, trade-in allowance, discounts, and other factors that may be indicated in the Invitation to Bid. Prompt payment discounts of less than 20 days will not be considered in the award. In all cases where trades are shown on the Invitation to Bid, the Board reserves the right to trade or not to trade as deemed in its best interest. If the Board elects not to trade, award will be based as stated above, without taking the trade(s) into consideration for total bid amount.

The Board reserves the right to reject any or all bids and to waive any formality or technicality in any proposal in the interest of the Board.

Unit prices shall reflect all costs relative to furnishing the item, for if the accepted bid exceeds budgeted funds, the Board may decrease or delete items; or if funds are available and additional quantities are needed, the Board may increase quantities as necessary. The basis of payment will be for actual quantities ordered and received. If applicable to this Invitation to Bid, a formal contract will not be executed, but rather, a purchase order will be issued to the successful bidder for the goods to be purchased as a result of this Invitation to Bid.

5. Brand/Trade Names: When an item requested in the bid is identified by a brand name, trade name, or catalog number or reference, it is understood that the Bidder proposes to furnish the item so identified and does not propose to furnish an "equal" unless his bid proposal so indicates, and he has obtained prior approval from the Board for the item. The reference to the brand name, trade name, or catalog number is intended to be descriptive but not restrictive and only to indicate to the Bidder articles that will be satisfactory. Bids for other brands, makes, etc. will be considered provided the Bidder clearly states on his proposal exactly what he is proposing to furnish, and has submitted to the Board at least 10 days prior to the bid opening date, illustrations, specifications, or other descriptive matter which clearly indicates the character of the article(s) to be covered by his bid, and has obtained the prior approval of the Board for the proposed "equal." The Board reserves the right to approve as equal, or to reject as not being equal, any article the Bidder proposes which contains major or minor variations from specifications or other requirements, but which may comply substantially therewith. Wyoming materials and products of equal quality

and desirability shall have preference over materials and products produced outside the state.

6. Product Quality: All items proposed shall be new and the manufacturer's current model unless the Board specifically requests or addresses used or demo products in the specifications. **All listed options must be factory installed. No aftermarket options will be allowed unless otherwise noted in the Technical Specifications.** The Board reserves the right to call for demonstration of goods at no cost to the Board prior to award of the bid.
7. F.O.B. and Delivery: All bid prices shall be quoted F.O.B. the applicable Board department, Cheyenne, Wyoming, unless the Board specifically states otherwise elsewhere in the bidding documents. Item(s) will be delivered no later than 60 days after award of bid.

All bid and contract documents shall be interpreted and construed according to the laws of the State of Wyoming.
9. Warranty: The Bidder shall state the warranty on labor and materials in months, years, hours, miles, etc., as applicable. The Bidder shall assume costs of all labor, materials, per diem, freight, transportation, and any other item incidental to warranty maintenance or repair.

Bid Guarantee: The bid shall be accompanied by bid guarantee in the amount of five percent (5%) of the total bid. The bid guarantee shall be in the form of a bid bond secured by a surety or guaranty company authorized to do business in the State of Wyoming and signed or countersigned by a Wyoming resident agent; or if the total bid is \$150,000 or less, the 5% bid guarantee may be in the form of a cashier's check, certified check or money order made payable to the Board of Public Utilities. Cash deposits will not be accepted. The bid guarantee will ensure that the Bidder will not withdraw his bid within 45 days after the bid opening, and that he will furnish the goods awarded as a result of this bid in accordance with his proposal. **Note; for bids that contain multiple vehicles, each vehicle bid will require a separate bid bond independent of the other vehicles bid.** The bid guarantee will be retained until satisfactory delivery is made. If the successful Bidder fails to make delivery as stipulated, with allowances for any time extensions or other exceptions granted in writing by the Board for reasonable and just cause, as determined by the Board, the bid guarantee will be forfeited as liquidated damages, and the goods will be awarded to the next low responsible, qualified bidder if feasible, or re-advertised for bid. The

bid guarantees of unsuccessful bidders will be returned within a reasonable time upon award of the bid.
