

**In-Home (Minor) Child Care: 3-10 Children in a Single-Family Home**

Child Care Business Name:

Street Address:

Zip Code:

Zoning District:

# of employees:

Applicant Name:

Applicant E-mail:

Applicant Phone:

Applicant Mailing Address:

**Compliance Agreement – Applicant review and initial**

I have cleared this use with the property owner.

\_\_\_\_\_

I have familiarized myself with applicable zoning regulations UDC Sections 1.4.4c and 5.7.4, and with the guidelines for a home occupation found in Section 5.7.2. I will consult the Development Office prior to site changes.

\_\_\_\_\_

I have specifically familiarized myself with fencing regulations described in UDC Section 5.8.4

\_\_\_\_\_

I understand that my facility must be certified with State of Wyoming; and I agree to produce this document to the City upon request

\_\_\_\_\_

I understand that I must provide an enclosed outdoor play area.

\_\_\_\_\_

My outdoor play area will be located in the back yard (if not, please describe with a layout of the site).

**GENERAL INFORMATION**

The Unified Development Code Section 1.4.4c defines “Child Care, In-Home – Minor” as:  
A Service use where pre-school care and education is provided for 3 to 10 children for a portion of the day in a residential dwelling. The children are not related to the immediate family except that the provider’s own pre-school children shall count towards the total.

**If site modifications are planned, please consult with the Development Department.**

FENCING PARAMETERS (UDC 5.8.4)

Please familiarize yourself with the City’s fencing regulations:

**Table 5-9: Fence Height Limits**

| Fence Location   | Maximum Allowance |
|--|-------------------|
| Between street and front building line                                 | 4 feet            |
| Behind front building line, but within 10’ of any street side lot line | 4 feet            |
| All other locations behind the front building line                     | 6 feet            |

Other Restrictions:

1. Fences shall not be allowed within any right-of-way.
2. Fences shall not be constructed within any applicable sight-distance-triangle or vision clearance established in these regulations.
3. No fence shall be constructed which hinders or obstructs access to any fire hydrant or is within a 3’ radius of any fire hydrant.
4. No fence shall be constructed within 2’ of any public sidewalk

(Rev.: 100115, SLL)
