Recycling of these components is free to city residents but a pickup charge may apply.

**Note 6:** In instances where there are special needs for yard waste disposal, such as larger volumes/containers, contact the Solid Waste Division for prices.

**Note 7:** Loads of clean recyclable materials such as recyclable lumber, asphalt, concrete, steel, etc. may be dumped at the landfill at a reduced charge. The individual/company delivering the material is responsible for ensuring that all contamination is removed from these loads and materials are separated and dumped in the proper locations before departing the landfill. Agencies or individuals with clean loads of these materials may dump the first load each day at no charge. Each subsequent load will be charged \$20.00 per ton.
