Positive COVID-19 Cases Now at 11

CHEYENNE (3/25/20) – The Cheyenne Laramie County Health Department has received notification of an additional three individuals who have tested positive for COVID-19. The individuals are all located in Cheyenne and are not family members. The addition of these new cases brings the total in the city to 11. The new cases signify a trend of community transmission which is best responded to by ensuring social distancing, covering sneezes and coughs, maintain distance of six feet from other individuals, frequent handwashing, and staying home if sick.

The State of Wyoming has 40 patients who have tested positive for COVID-19. Representatives from the city and county are working in unison to ensure the health and safety of our residents. Information regarding COVID-19 is available throughout the area including the Cheyenne Laramie County Health Department and the City of Cheyenne websites and Facebook.
