Mayor Marian Orr Joins Governor Mark Gordon's Call for Prayer

CHEYENNE – City of Cheyenne Mayor Marian Orr has provided the following message to our community following Governor Mark Gordon's proclamation to declare Friday, April 10, 2020 a Day of Prayer in Response to the COVID-19 pandemic:

In the Governor's call for daily prayer, I too join in and ask you for these special intentions:

That our world be healed from this unseen pandemic; that we may come together soon to be seen - to hold and see - into our families, friends, and stranger's eyes again.

That our elderly and our sick will not pass alone without the presence of loving touch and peace surrounding them.

That our healthcare providers and first responders and our military community be enveloped under the cloak of Divine Mercy to carry our community through and sparing their families as well.

That our community get through this together, stronger, and with a forever imprint of the importance of gathering family and friends together. Community.

I simply pray for you. Know that I do.

Know that I pray for you, your family, and our Cheyenne community. Keep me in your prayers as well.

May God Bless us, may all the prophets and saints, religious leaders throughout the world, pray for us.
