Placement of Carts:

In order to ensure pickup, refuse carts must be placed correctly by 6:30 a.m., on your scheduled pickup day. Carts must be at street/alley with the arrows on the lid of the cart pointing toward the street/alley. It is or will be (see notes*) predetermined where the carts must be placed. Please call the Transfer Station if you are unsure where to place your carts. *On windy days keep one hand on the lid when moving the cart to prevent injury.*

Obstacles Near Cart or Vehicles Parked In the Street:

Carts should be at least two feet away from any vehicle or other obstacle (mailbox, tree, fence, driveway edge if blocked, etc.,) In the event vehicles are parked in the street, place the cart at least two feet away from the vehicle and three feet from the curb.

Trash Located Outside of Carts:

You can have up to 5 extra bags and/or boxes outside your can. A fee per item (bag or box) will be assessed. There will be a clean-up fee if the trash is scattered and must be cleaned up. Please call the sanitation department for current prices.

Spilled Carts:

Should the sanitation driver inadvertently spill the cart or drop material from the cart while emptying it, the sanitation department will clean up these spills at no cost to the customer.

To Control Trash:

In case your container blows over or while the container is being dumped, we require that you BAG ALL TRASH. Section 8.44.030 of the city code requires protection of contents. (Due to windy conditions, bagging your refuse will result in neat and efficient collection.) Failure to bag your trash could result in additional fees, since the city may have to dispatch a crew to clean up any litter or trash.

Grass Clippings and/or Tree Limbs:

Yard Waste shall not be accepted or picked up with Solid Waste. The City provides a weekly curbside cart for grass and yard waste collection that is available at an additional fee. City residents may take yard waste, at no cost, to the City Compost Facility. For more information, please call the Transfer Station.

NOTES

4/2018 - During the next year, the Department of Sanitation will be evaluating streets and alleys that currently have refuse pick up. Residents that will be affected can expect to receive a letter stating where their containers will need to be placed for a safe and efficient pick up.

Elderly and Disabled Customers:

With a doctor's note the Sanitation Department can provide "Special Attention" services for elderly or disabled customers who are physically unable to place the cart at the curb. If you are in need of these services, please call the sanitation department at 637-6440.

Bulky Items:

The City of Cheyenne provides a special item, rubbish removal, and large bulky items pick up for a fee. You may call the sanitation department for information and prices at 637-6440.

* Small material must be bagged, boxed, or in cans to control the trash and keep it from being scattered

* Individual items must not weigh over forty (40) pounds (OSHA Regulations)

Removal of Carts:

The City of Cheyenne Sanitation Department requests that residents remove their carts from the curbside soon after collection or no later than the evening of the collection day. If carts are left at the curb the day following collection, the city may move the cart to the customer's property and charge a fee for this service. If the customer will be out of town, the customer may arrange this service at no charge as long as arrangements are made before the collection day.

Storage of Carts:

Carts may be stored in your garage, backyard, or where you normally store your present refuse containers. If you have a storage concern, call the Sanitation Department and we will attempt to help you resolve the problem.

Standard Dates:

Call the sanitation department for the current sanitation fee schedule at 637-6440.
