QUESTIONS & RESPONSES:

- Q1: For the purposes of the 5% or 10% Incentive, will project completion be based on Substantial Completion or Final Completion.
- A1: Basis for project acceptance in accordance with the 5% or 10% Incentive is Final Completion, not Substantial Completion. This is not inclusive of completion of the ABI for the Audio System.
- Q2: What will be the basis for award, Base Bid, or Base Bid + ABI?

- A2: Basis for award will be based on Base Bid, only.
- Q3: Is parking available to the Contractor in the adjacent parking garage?
- A3: The City will work with the awarded Contractor to obtain parking permits for the parking garage.
- Q4: Will temporary street lighting be required, while construction is underway and existing poles are removed?
- A4: No, temporary street lighting will not be required.
- Q5: What is the City's intent for the existing poles that are removed?
- A5: The City wishes to retain the removed existing lights. The City will work with the awarded Contractor to determine where the lights will be stored upon removal.
- Q6: Is the Contractor able to shut down both directions of travel on 17th Street?
- A6: No, 17th Street must maintain two-way traffic at all times. Parking lanes/spaces may be closed as needed to accommodate project completion.
- Q7: Do you know where I can find the details for the stamped concrete? The drawings reference "special spec. 03490". Does the City provide the stamp or will we need to buy that?
- A7: The information can be found in the City Standards. The City will provide the concrete stamps upon request.
- Q8: Separately, we're seeing that the electricians may struggle to get their pricing ready by the current deadline, especially right after a holiday week. You might consider moving the due date back a week.
- A8: Bid due date has been revised.
