

To Cheyenne Fire Department:

I am the daughter of "Capt. Chris" who was buried Saturday February 9. I just wanted to say on behalf of my family we thank you from the bottom of our hearts to those who were present at his funeral. My dad was on the fire department in Boulder, Colorado from 1961-2000 and being a firefighter was everything to him. For him to be honored so respectfully by members of your staff was amazing. A special thanks to Byron Mathews as he took the lead on coordinating with Boulder Fire Department, Torrington and Pastor Thomson to make it happen. Everybody that attended said it was a beautiful tribute to my Dad. My Dad had been fighting cancer and knew these arrangements were in the works. It touched his heart greatly that the brotherhood of fire fighting was still alive and well after all these years.

The work you do to respond to our city in emergency situations is invaluable but it's the lives you touch along the way that make it all worth it.

With gratitude,
