

GREENWAY ADVISORY COMMITTEE Meeting Minutes

Tuesday, April 14, 2026
Room 208, Municipal Building

ATTENDANCE

Present: Dick Krahenbuhl | Jeanie Shrednik | Vicki Bonds | Sheree Brgoch | Jo Butler | Seth Ulvestad | Jeff Fassett | Christopher Yaney | Anthony Bannon | Sam Payne | Brent Toepfer | Bryce Sanchez | Jennifer Corso | Bebe Molway | Rick Amen

Absent: Molly Cook | Jason Sanchez | Jim Walter | Pete Laybourn | Nancy Olson

Call to Order and Approval of Minutes: In Jim Walter's absence, Jeff Fassett called the meeting to order at 12:00 pm. The committee approved March 10, 2026, meeting minutes unanimously.

Engineering Projects that Effect or Include Greenway: Rick Amen, City Traffic Engineer gave a short presentation regarding Crosswalk Criteria and Guidelines that Council approved Monday night. Jeanie showed the group the area of Greenway, Burlington Trail and Campstool Road that is relevant to these criteria. Bryce with WYDOT reported that the new lighting for both the I-80 and I-25 overpasses was complete and working. Molly had no updates.

Maintenance Update: Sam said crews are mowing, taking care of weeds, trash and fencing. He said there was nothing unusual. Molly had no maintenance issues.

Safety Issues: Jeanie said the Committee had brought the issue of users causing problems for other users on the trail, mainly speeding and she has had complaints from the public. Since we don't have anyone out policing the trail she proposed placing speed limits signs on the trail in limited quantities. She showed the Committee a mockup of what is proposed. The Committee agreed that this would be a good idea and that it would allow users to police themselves and others.

Compliance Concerns and Comments: Anthony said the Compliance Dept. was quiet right now. They are preparing for a busy summer with the transient population increasing.

Greenway Projects Update – Jeanie

Parsley Blvd and I-80 Overpass Greenway Connector: Contractors began the project on Monday, March 30th. They started pouring concrete on Monday, April 6th. Completion is expected by May 15th

Downtown Connector Property Purchase: The city has been working toward the purchase of 803 W. 16th Street, and associated properties for several months now. Jeanie has obtained an appraisal and Phase 1 Environmental Assessment. The purchase price is \$650K

with \$300K from 2021 GW funds and \$350K from General Funds. The Purchase and Sale Agreement had its first reading by City Council last night and will be discussed at Finance Committee on Tuesday, April 21st at noon. Final reading will be on the 27th. Please come and support this approval. A closing is scheduled for May 1st. This will allow us to connect both the Martin Luther King Park and the Crow Creek GW to Downtown via the trail near the Pumphouse. Sam updated the group on what Parks intends for the Pumphouse in the future.

6th Penny Ballot: The 2026, 6th Penny Ballot was approved by the County Commissioner on Tuesday, April 7th. A resolution is working through the Council process now. Jeanie provided copies of the resolution. The Allison Draw Maintenance (County) for \$1M is in Prop 1, The City Greenway Maintenance for \$3M, Prop 2. Both considered infrastructure. The Greenway New Construction and Rehabilitation \$3M, Prop 13, Community Enhancements

Adopt a Spot Spring Cleanup: Last month Nancy had requested that the group consider a segment cleanup. Jeanie said she would investigate open areas. Available segments are (74) Burlington Trail, Campstool to HR Ranch, (67) South of e. 1st St. along the creek, Russell Ave. west to Evans and 1st. (73) MLK Jr. Park. Jeanie will send out an email to everyone to see if there is interest from the group.

Safe Kids Day: Jeanie reminded the group that Safe Kids Day will be Saturday, May 23rd from 10am to 1pm. There will be indoor booths, bike helmet fittings, car seat fittings, a bike rodeo and bike checkups. Cheyenne PD needs volunteers for the bike rodeo. She hopes the Foundation can be there. Bebe volunteered to be there. Jeanie said that the MPO will be there.

Updates from the MPO: Jennifer reported that the MPO is still working on the Safe Streets 4 All Comprehensive Safety Action Plan and has a very early draft of the report. She will send it to the group as soon as it is ready for review

Updates from LCSD#1: Vicki said there were no updates from the school district.

Greenway Foundation Update: Jeff reported that the Foundation's Thankful Thursday made \$16,078.00. We had several volunteers from the 2026 Leadership Cheyenne class and they were great. The Foundation Board has two new members but is always looking for more. Spring Into Green, our other fundraising event, is scheduled for Saturday, June 20th. The race will start at the Boys and Girls Club and head west along the WAPA corridor. Jeanie explained the partnership between Leadership Cheyenne and the Foundation; they are both earning money to fund a mural on the Walterschied underpass. It will have a mental health theme. They have involved the Boys and Girls Club and Desiree Brothe, Art Cheyenne, is helping too.

Political Action Committee: Jeanie asked if there was interest in creating a PAC for outreach regarding the Greenway 6th Penny propositions. Jeff said he thought Pete had already put something together and that he would call him to clarify. Jo discussed the requirements of creating a PAC such as getting a bank account and an EIN. We need someone to be the Treasurer and have donations sent to their mailing address. We cannot use the Foundation for the PAC. Jeanie said she would create an email to find out who is interested in having a meeting to discuss this issue.

Other items: Jeanie asked the group if we should cancel May's meeting. It is a busy month. The Committee agreed.

Meeting adjourned at 1:30 pm

Next Meeting: June 16, 2026

Thank You!
