Jan. 4 – Alternate pickup day for trash and recycle due to New Year's Day

Jan. 18 – Alternate pickup day for trash and recycle due to Martin Luther King Jr. Day

Jan 20 – Martin Luther King Jr. Day, No collection

Monday Feb. 17 – Presidents Day. We will begin our sliding schedule: Monday slides to Tuesday, Tues to Wednesday, Wed to Thursday, Thurs to Friday.

New year NEW schedule!

Cheyenne residents will soon see improvements to residential trash, recycling, and seasonal yard waste collection, including changes to when the City provides collection around holidays. Residents will receive a letter in the mail about the changes. No changes have yet been scheduled for commercial pickup.

Beginning Feb. 1, 2025, the Sanitation Division will move to a 4-day, 10-hour schedule and will no longer serve residential customers on Fridays (except during holiday adjustments). Residential customers that currently have service on Fridays will be moved to a different day of the week. Some current Monday through Thursday customers may move to a different pickup day as well. Holiday collection will also look different as the City will use what is referred to as a "sliding schedule." Instead of collecting trash, recycling, and/or yard waste on Saturdays for customers whose collection falls on a holiday, all customers will be shifted one day later during the holiday week. For example, a holiday that falls on a Monday will

result in Monday collection moving to Tuesday, Tuesday to Wednesday, etc. A holiday that falls on a Wednesday would change from Wednesday to Thursday and Thursday to Friday. This means that should a customer forget their pickup has moved, their containers will simply be picked up the following day. The changes are the result of resident feedback and a systemwide Sanitation Rerouting and Optimization Study. The Sanitation Division will be able to greatly improve efficiency and accommodate future growth in Cheyenne. The study and upcoming schedule not affect where containers are placed, whether in the street or alley. That determination is made by the Sanitation Division based on truck routing or access issues. Residents who need physical assistance moving their containers must provide a doctor's note. Please contact the Sanitation Division at 307-637-6440.
