(Come visit us and see a truck)

## **Recycle lid locks**

The City of Cheyenne Sanitation Division provides a gravity lock for recycling containers for \$9.97 (pricing changes July 1<sup>st</sup> of each year). This charge will be billed to your BOPU account.

Residents will need to call to schedule the lock to be installed with the Sanitation division.

Since recycling cannot be bagged these locks help prevent your recyclables from blowing out of the container throughout the week and during your pickup day.

The locks contain a mounting hardware with a belt and lever. Residents will lift the lever, slide the belt under, and lower the lever back down to secure it shut. To unlock just lift the lever and pull the belt out!

When you set your container out for pickup, please make sure to have the lid lock facing the street by 6am and have 2ft clearance around your container.

Once the truck lifts and tips your container the lock will release emptying your recyclable items in the truck.

To ensure your collection is efficient we ask that the belt is not overly tightened as this will cause the lock to not release during pickup.

Call 307-637-6440 to schedule your lid lock today!

**For a printable recycle or holiday schedule please visit [cheyennecity.org](http://cheyennecity.org) and click on the sanitation tab!**
